How to update GG-002C PC software

2). On this page, Click “update”

The screenshot displays the ANC Auto Irrigation System web interface. At the top, the title bar reads "ANC TECHNOLOGY" and the main header "ANC Auto Irrigation System" is visible. Navigation tabs include "Network Setup", "Basic Setup", "Set Up Zones", "Registered Devices", "Remote Control", and "History Log". The "Set Up Zones" tab is active, showing a "Zone" section with a "Select zone: #1" dropdown and buttons for zones #1 through #12. A "Legend" section on the right indicates status colors: Red for Alarm, Yellow for Warning, Green for Other, and Blue for Irrigating. Below the zone selection, there are sections for "Zone Sensor", "PH/EC Sensor", and "Soil Moisture History". The "Soil Moisture History" section features a line graph showing moisture levels over time, with a red line indicating the "Dry level". An "Online upgrade" dialog box is overlaid in the center, titled "New experience". It displays the current version as 4.1.4 and states "Detects that there is a new version 4.1.5". A prominent pink button labeled "Update" is highlighted with a green circle. The bottom status bar shows "Failed to open the device", the website "http://www.anctech.com/", the version "Version : 4.1.5", the date and time "2016-07-11 Mon. 14:28:01", and the system clock "14:28".

How to update GG-002C PC software

3). On this page, Click “OK” to start update

The screenshot displays the 'ANC Auto Irrigation System' web interface. At the top, there's a navigation bar with tabs for 'Zone', 'Pump And Valve', 'Flow', and 'Pressure'. Below this, a 'Select zone:' dropdown is set to '#1', followed by buttons for zones #1 through #12. A legend on the right indicates colors for Alarm (red), Warning (yellow), Not reg (grey), Other (green), and Irrigating (blue). The main content area is divided into sections: 'Zone Sensor' (a table with columns for No., Signal, Power, Moisture, and Status), 'PH/EC Sensor' (a table with rows for Signal, Power, PH, and EC), and 'Soil Moisture History' (a line graph showing moisture levels over time for three sensors). A 'Last irrigation' status is also visible. Overlaid on the center is an 'Online upgrade' dialog box with the title 'New experience'. It contains a question mark icon and the text 'Do you want to update to the latest version 4.1.5'. At the bottom of the dialog are 'OK' and 'Cancel' buttons. The bottom status bar shows 'Failed to open the device', the website 'http://www.anctech.com/', the version '4.1.5', the date '2016-07-11 Mon.', and the time '14:28:18'. The Windows taskbar at the very bottom shows the 'release' button and the 'ANC TECHNOLOGY' application icon.

4). Is updating the program, please later...

How to update GG-002C PC software

5). After update successfully, please click “OK”, Then it will automatically restart and into normal work status.

The screenshot displays the 'ANC Auto Irrigation System' software interface. At the top, there's a navigation bar with tabs: 'Network Setup', 'Basic Setup', 'Set Up Zones', 'Registered Devices', 'Remote Control', and 'History Log'. Below this, a 'Zone' selection bar shows 'Select zone: #1' and buttons for zones #1 through #12. A 'Legend' box indicates status colors: Red for Alarm, Yellow for Warning, Grey for Not reg, Green for Other, and Blue for Irrigating. The main area is divided into sections: 'Zone Sensor' (with columns for No., Signal, Power, Moisture), 'PH/EC Sensor' (with fields for Signal, Power, PH, EC), and 'Soil Moisture History' (a line graph showing moisture levels over time for four sensors). A 'Status' box is also present. A 'Data display' section shows 'Most Recent' data for '2016-07-11 14:29'. A 'Days of a page' dropdown is set to '2'. A 'Dry level' indicator is shown. A 'Failed to open the device' message is visible at the bottom left. A 'New experience' dialog box is open in the center, displaying 'Update success (3/3)...' with an 'OK' button. The bottom status bar shows the website 'http://www.anctech.com/', version '4.1.5', date '2016-07-11 Mon. 14:29:36', and a taskbar with various icons.

The end!

Thanks!
